PRIMARY MOTIVATIONS:

- Maintain food quality consistency across all service channels
- Protect restaurant reputation and customer relationships
- Maximize revenue without compromising operational efficiency
- Support staff performance and reduce workplace stress

CORE PAIN POINTS:

- Feels "blind" to runner logistics and delivery progress
- Struggles to prioritize orders when kitchen capacity is limited
- Fears food sitting too long affects quality and reviews
- Lacks confidence in delivery experience she can't directly control

CONTEXT OF USE:

- Manages 15-25 delivery orders during peak hours (6-9 PM)
- Oversees 3 kitchen staff and 2 servers
- Uses personal smartphone for DeliverNow notifications
- Works 12-hour shifts, present for all service periods

GOALS

- Achieve seamless integration of delivery into existing operations
- Maintain 95%+ customer satisfaction across all channels
- Reduce staff confusion and order-related errors
- Build predictable revenue from delivery without operational chaos
